

Friday 11 November 2011

Room G47
Mount Gambier Regional Centre
University of South Australia
Wireless Road West, Mount Gambier

South East Acute Mental Health Care and Risk Practice Development Symposium

We acknowledge and respect the Boandik peoples, the traditional custodians whose ancestral lands we are meeting upon here today. We acknowledge the deep feelings of attachment and relationship of Aboriginal people to country. We also pay respect to Aboriginal people visiting/attending from other areas of South Australia present here.

The Symposium is part of the Shared Learning in Clinical Practice initiative, a partnership between UniSA's Mental Health and Substance Use Research Group and SA Health's Acute Matters, supporting reflective practice and leading practice development initiatives
