

University of
South Australia

2016 GUIDE TO

University Study

Your future begins here

Let the University of South Australia help you meet your potential. Take the first steps today.

Push boundaries

University is the time to challenge what you know, defy convention and the ordinary. Pursue new ideas and advancements that will help shape the future of your world. As Australia's university of enterprise we're committed to pushing boundaries and affecting change. We provide an education that cultivates a spirit of creativity and initiative and equips tomorrow's leaders and innovators. People like you.

Make connections

Meet key people in your industry through networking and experiential learning opportunities, and have access to career services and advice that will carry you into the future. Our strong industry links and hands-on teaching approach complement the theory you'll learn and are a major reason why our graduates enjoy employment rates that are above the national average and the highest in South Australia.

Be inspired

Learn from and be inspired by future-focused teachers who are behind some of the latest developments set to change the world. Almost 70 per cent of our teaching staff hold doctorate qualifications, which ranks us 7th in Australia, and all are dedicated to your success as a student.

Take charge

Your future is in your hands and we're committed to providing you with all of the information you need to be confident of your choice to study with us.

Acknowledgement of Country

UniSA respects the Kurna, Boandik and Barngarla peoples' spiritual relationship with their country. We also acknowledge the diversity of Aboriginal peoples, past and present.

Find out more about the University's commitment to reconciliation at unisa.edu.au/RAP

Go beyond the books

New adventures

There is much more to life at UniSA than study; with a wide range of events and activities both on and off campus. You'll create lasting memories and have fun. Many opportunities will also help develop your professional, networking, social and leadership skills – all boosting your employability. Some of our unique experiences include leadership programs, social events, and sporting clubs and competitions. You can also connect through the University of South Australia Students' Association (USASA).

➤ unisa.edu.au/studentexperience

Go global

Want to travel and learn more about other cultures? We offer a range of inspiring international opportunities including student exchange, study tours and volunteer programs. Our unique Global Experience program can also give you the skills and knowledge you need to live and work in an increasingly connected and diverse global community.

➤ unisa.edu.au/globalopportunities

Career ready

As well as covering the most up-to-date theory, our programs offer experiences outside of the classroom to help you stand out in the job market. This includes work placement opportunities in many programs, with some beginning as early as first year. You could attend networking events, hear from leading guest speakers, showcase your work to industry and receive career mentoring. Plus, our dedicated career services team is available to help while you're studying and after you graduate.

➤ unisa.edu.au/careers

Focused on the future

We've got exciting plans for your future, with new learning spaces for health, science and innovation, right in the heart of Adelaide's West End.

- > Jeffrey Smart Building (JSB): the JSB is open for study, and has quickly become a new hub for the City West campus. Borrow books, grab a coffee or book a quiet study room. Even enjoy a free movie in the Høj Plaza!
- > Great Hall: the University will commence building this space in 2015, a new home to graduation ceremonies, student sporting events, a gym, swimming pool and exhibition facilities.
- > Sci|C|Ed: the new Science|Creativity|Education Studio will be a space for students and industry to innovate, create and collaborate. Planned for development in 2015, it will be part of the Health Innovation Building.

Good Universities Guide 2015

Where you'll study

City East

Situated a short distance from the Rundle Mall shopping district and some of the city's best art venues, botanic gardens, cafés, restaurants and bars, City East campus offers an abundance of hands-on learning opportunities, services, and social and leisure activities to complement your academic pursuits. It's where you will study medical and health sciences; nursing; construction management; and urban and regional planning.

City West

Located on the western edge of the CBD, City West campus is just a short stroll along North Terrace from the Adelaide Railway Station and tram. The campus offers a variety of modern facilities, including our brand new multi-level learning centre, the Jeffrey Smart Building. It's in the heart of Adelaide's major arts, culture and entertainment precinct, and in the hub of vibrant new developments in business and health. City West campus is home to UniSA College as well as programs in art, architecture and design; business; Indigenous and Australian studies; and law.

Magill

Nestled near the foothills in the leafy eastern suburbs, Magill campus has lush gardens and open spaces providing a relaxed and picturesque setting. Its study facilities are world-class, including full-size television and radio studios and a purpose-built social work studio designed for interactive learning. Magill campus also has a gym and swimming pool to keep fit. Areas of study include education; communication, international studies and languages; and psychology, social work and human services.

Mawson Lakes

Located near over 85 technology companies that make up Technology Park, our Mawson Lakes campus boasts contemporary teaching, learning and research facilities. It's also home to manicured green spaces and wetland areas, buzzing cafés, and leisure facilities to help you get the most out of your experience. Mawson Lakes campus hosts the following areas of study – engineering; computer and information technology; geospatial and environmental science; and science and mathematics. It's also a conveniently short drive to UniSA's Aviation Academy at Parafield Airport for our aviation students.

Mount Gambier and Whyalla

The University offers study options at Mount Gambier and Whyalla, both located around 400 kilometres from Adelaide. A team of 60 dedicated academic and teaching staff provide specialised tuition, learning and scholarship opportunities to around 450 local and international students. In the regions, UniSA offers targeted undergraduate and postgraduate degree programs in disciplines such as nursing, teaching, social work, engineering and foundation studies, specifically designed to meet the needs of local rural and regional communities.

Construction of the Mount Gambier New Learning Centre commenced in 2015 showing our commitment to local students and the wider community.

2500 students

benefit from
scholarships
each year

Join more than 185,000 graduates worldwide

in our alumni community

Law students participate in trials in our on-campus Moot Court.

Award-winning visual art and design studios.

Nursing practice labs are set up like real hospital wards.

A purpose-built mechatronics lab is a collaborative space for students to test their projects.

We'll help you

Adjusting to university life can be fun and exciting. It can also be challenging. At UniSA, we have staff dedicated to helping you keep on track throughout your studies. We have specialised services for Indigenous students and those with disabilities. Whether it be academic, social or personal support, help is never far away.

➤ unisa.edu.au/student-services

24/7 online learning

The University has invested in a new multimillion dollar personal learning environment incorporating virtual classrooms, lecture recording, emails, learning support, administration and results. It's available 24 hours a day, seven days a week so you can tailor your learning to your life.

➤ unisa.edu.au/flexiblestudy

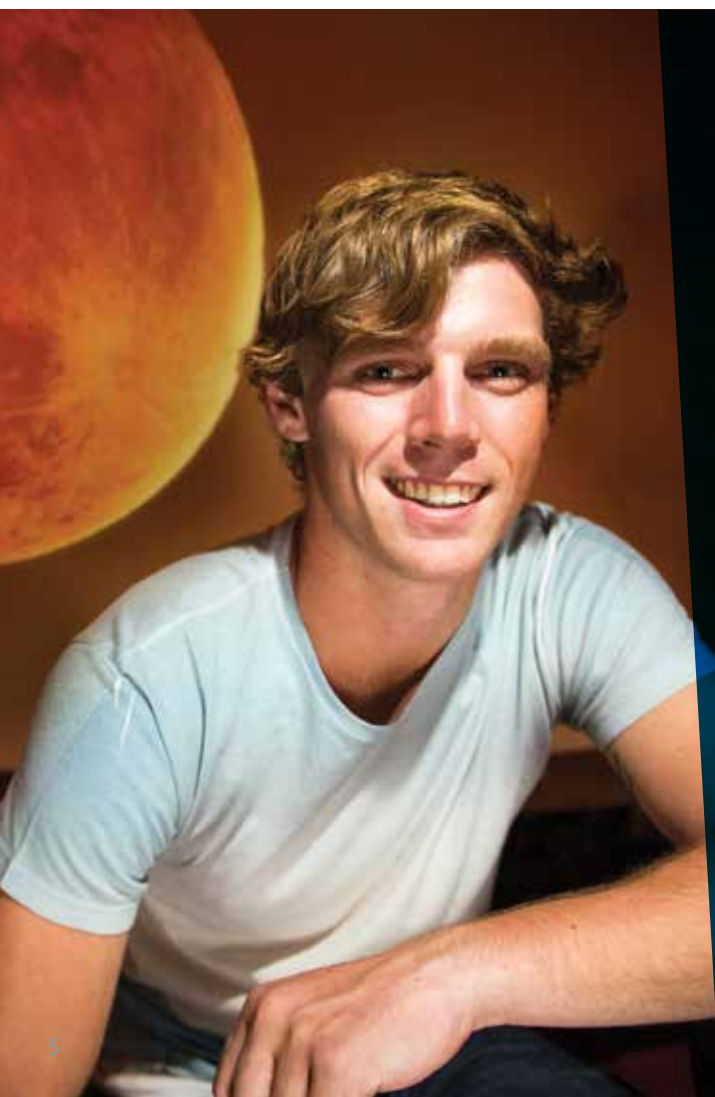

Paying for your studies

Your place as a domestic student at the University of South Australia is Commonwealth-supported. This means that you are charged for a portion of the cost of your studies, and the Australian government contributes part of the cost. If eligible, you can defer your contribution through a HECS-HELP loan and repay it later through the taxation system. Your contribution will depend on what you study. See table for a breakdown of student contribution amounts for 2015, as per Australian Government guidelines.

Band	Area of study	per 1 EFTSL*	per 4.5 unit course
1	Humanities, behavioural science, social studies, foreign languages, visual and performing arts, clinical psychology, nursing and education	\$6,152	\$769
2	Computing, built environment, health, engineering, surveying, agriculture, mathematics, statistics, science	\$8,768	\$1,096
3	Law, dentistry, medicine, veterinary science, accounting, administration, economics, commerce	\$10,226	\$1,278

*The EFTSL (equivalent full-time student load) value is a measure of study load, and this reflects a standard full-time study year.

Engineer your career pathway

Tristan Perkins

Associate Degree in Engineering

Striving to work in the aerospace industry, with the burning desire to be an astronaut, Tristan Perkins chose the University of South Australia because of its close links with the International Space University through the Southern Hemisphere Summer Space Program.

What further appealed to Tristan were the extensive facilities for mechanical pursuits and the University of South Australia's ranking in the Times Higher Education top 100 for engineering and technology as the highest ranked university in South Australia.

When asked about his campus at Mawson Lakes, Tristan says 'it's excellent. The campus is massive, with lots of open space environments, filled with modern facilities'.

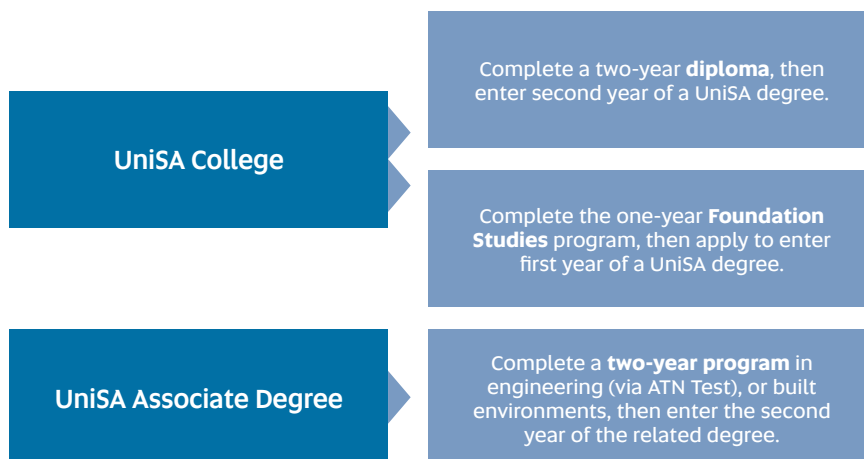

Further to his study at the University, Tristan recently applied and was shortlisted for the Mars One mission, meaning he may be one of the first people to live on Mars. Based in the Netherlands, Mars One aims to establish the first human settlement on Mars by 2023.

Choose your pathway

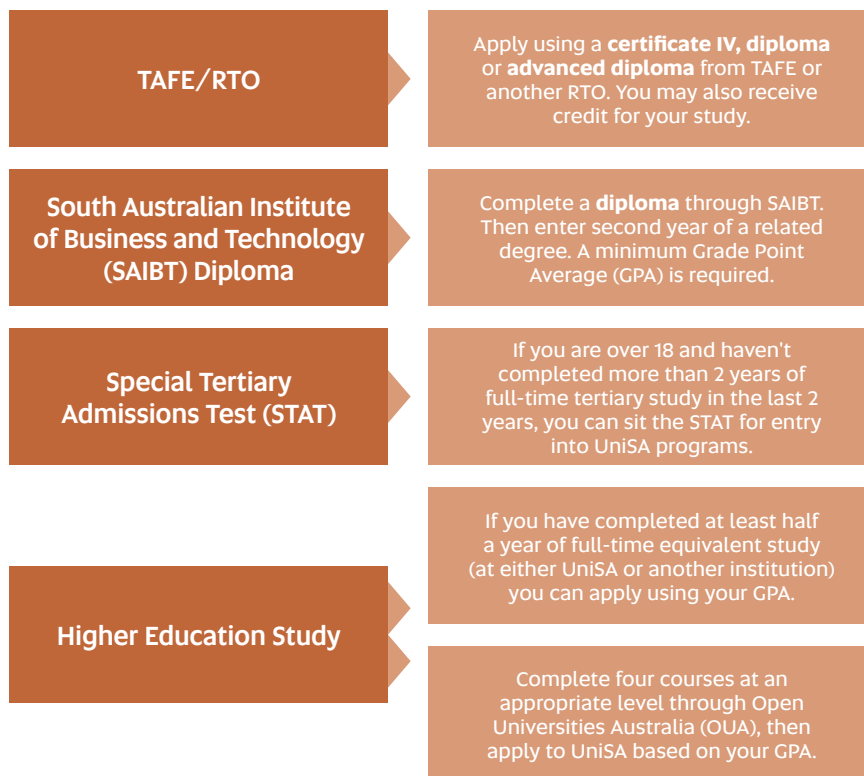

Use your ATAR (Year 12)

Or take a UniSA pathway

Or take an alternative pathway

Bonus Points

Universities in South Australia have replaced all previous bonus point schemes with the following schemes for students commencing from 2016:

- > **SA Universities Equity Scheme:** bonuses for students coming from specified schools, as well as individuals experiencing disadvantage.
- > **SA Language, Literacy and Mathematics Bonus Point Scheme:** bonuses for students who successfully complete a language other than English, or specified English and Mathematics subjects.

For more information call (08) 8302 2376, submit an enquiry via unisa.edu.au/enquiry or visit:

↳ unisa.edu.au/bonuspoints

Guaranteed entry

UniSA Preferred is a scheme that offers guaranteed entry into many UniSA programs for domestic Year 12, TAFE and other registered training organisation (RTO) students.

If your ATAR (including any bonus points) or TAFE/RTO award meets the UniSA Preferred score for that program, you have met any prerequisites, and you have listed the program as your first preference, you are in. It's guaranteed.

↳ unisa.edu.au/preferred

Individual circumstances may differ and some conditions may apply. Please contact our Future Student Enquiries team to discuss your pathway. ↳ unisa.edu.au/pathways

International Baccalaureate/ Interstate equivalents

Mathematical Studies:

IB: Mathematics (HL) (Min Grade 3, Mathematics (SL) (Min Grade 4); VIC: Mathematical Methods (Major); ACT: Mathematical Methods (Major), Specialist Mathematics (Major-Minor); NSW: Mathematics Extension 1, Mathematics; QLD: Mathematics B; TAS: Mathematics Methods; WA: Mathematics 3C/3D.

Mathematical Methods:

IB: Mathematics (HL) (Min Grade 3, Mathematics (SL) (Min Grade 4); VIC: Further Mathematics; ACT: Mathematical Applications; NSW: General Mathematics; QLD: Mathematics A; TAS: Mathematics Applied; WA: Mathematics 3A/3B.

Specialist Mathematics:

IB: Mathematics (HL) (Min Grade 3); VIC: Specialist Mathematics; ACT: Specialist Mathematics (Double Major); NSW: Mathematics Extension 2; QLD: Mathematics C; TAS: Mathematics Specialised; WA: Specialist Mathematics 3C/3D.

Notes

- Note 1 Entry to this one-year Honours program requires completion of a bachelor degree.
- Note 2 Can be completed in three years if studied in three trimesters per year.
- Note 3 Enrolled Nurse Certificate IV or Diploma in Nursing - both with current practising certificate.
- Note 4 Certificate IV when accompanied by a current Enrolled Nurse Practising Certificate.
- Note 5 SACE Stage 2 Physics and Mathematical Studies for the majors and minors in Applied Physics; SACE Stage 2 Chemistry for the majors and minors in Biology or Chemistry; SACE Stage 2 Mathematical Studies for the majors and minors in Mathematics.
- Note 6 One or more SACE Stage 2 Science subjects chosen from Chemistry, Physics, Biology and Geology AND one SACE Stage 2 Mathematics subject chosen from Mathematical Methods, Mathematical Studies or Specialist Mathematics.
- Note 7 Applicants who have completed a TAFE/VET award at Diploma level or above, or who have studied at higher education level for more than two years will not be considered for admission to the program.
- Note 8 Applicants who have previously studied at higher education level or completed a TAFE/VET award at Certificate IV or higher will not be considered for admission to this program.
- Note 9 SACE Stage 1 Mathematics
- Note 10 Whilst this program is based from the metropolitan campus specified, courses are available at Whyalla campus through blended mode.
- Note 11 Whilst this program is based from the metropolitan campus specified, courses are available at Whyalla and Mount Gambier through blended mode and online delivery.

Symbol codes

NB	February cutoff ATAR scores for entry into UniSA programs in 2015. ATARs vary yearly and should be used as a guide only.
Apply online	Apply direct to the University of South Australia at unisa.edu.au/applyonline
CIII	Certificate III or higher award in related field.
CIV	Certificate IV or higher award in related field.
DIP	Diploma or higher award in related field.
AdvDIP	Advanced Diploma or higher award in related field.
Px	Partly external: some courses are available in external mode.
#	Partial (not for Law component).
JMA	Apply directly to the James Morrison Academy of Music at jamesmorrisonacademy.com
*	Students will be based at the James Morrison Academy of Music in Mount Gambier.
^	Also available at Whyalla and Mount Gambier.

UniSA Pathways codes

FS	Foundation Studies
DipA	Diploma in Arts
DipB	Diploma in Business
DipM	Diploma in Music
DipST	Diploma in Science and Technology
AE	Associate Degree in Engineering
AB	Associate Degree in Built Environment
AM	Associate Degree in Music

What's next?

**Research
careers and
stay in touch**

At UniSA we've got all the tools to help you shape your career direction. Sign up to receive updates direct to your inbox; all tailored to your career interests. You'll be the first to receive:

- > Invitations to career events and information sessions
- > Exclusive work experience opportunities, such as visiting our graduates in their workplace
- > An insight into life on campus from students and teachers
- > The latest careers and industry news

Sign up now at:

➔ unisa.edu.au/mycareer

**Attend our
career events**

Open Day – Sunday 16 August, 2015

If you're thinking about university, this is one key date to mark in your calendar. It's a whole day dedicated to answering your questions. Take a look around our university, attend presentations and take the opportunity to talk to current students and staff.

➔ unisa.edu.au/openday

Information sessions

You can also attend information sessions and campus-based events during the year. See the dates at:

➔ unisa.edu.au/infosessions

**Apply by
Wednesday 30
September 2015**
(to avoid a late fee)

Applications for 2016 entry open Monday 3 August, 2015.

For most undergraduate programs you need to apply through the SATAC website, follow the directions at:

➔ satac.edu.au

For information on how to apply and what to do during the application process, take a look at the 'how to' videos available through UniSA:

➔ unisa.edu.au/apply
