University of South Australia
GPO Box 2471
Adelaide SA 5072

*The de Lissa
Association of Early
Childhood Graduates
Inc.*

***The de Lissa Association of Early
Childhood Graduates Inc.***

*Working for Early Childhood
Education
in South Australia*

The Association actively supports Early Childhood Education in the following ways:

- Advocacy for early childhood
- Student prize for most original research
- The Betty Davis Research Grant
- Funding for early childhood education ventures
- Loan pianos to contribute to music programs in kindergartens

Fundraising to support early childhood education as well as active participation in education and welfare debates at a political level have been a feature of the Association's activities.

There is a plaque commemorating the vision of past principals of the Teachers' College which resides in the foyer of the de Lissa building. This plaque has been donated to the de Lissa Institute. The de Lissa Institute also hosts a gallery of framed portraits of former principals of the de Lissa Institute and its antecedent institutions.

Memorabilia associated with the kindergarten movement since its establishment in South Australia in 1905 are held within the de Lissa Institute and are in the care of the Association.

Each year the Association hosts:

- An annual dinner
- An Annual General Meeting
- General meetings
(With speakers addressing current early childhood issues or other activities)
- 10 committee meetings
- Professional seminars and activities
(Topics of interest to both professionals in the field and students enrolled in Early Childhood programs in the School of Education, Magill Campus are presented).

The AGM and general meetings provide a mixture of professional and social activities. They take place at different preschools, kindergartens and at the University of South Australia.

You are encouraged to become a member of the Association and participate in ensuring the future of quality early childhood education. Being a member is also a great way to build a network with other early childhood educators, maintain contacts with the students you have studied with especially through attendance at the annual Graduates' dinner. The annual dinner is a highlight of the year and innovative ideas for fundraising are always welcome! In the future, as our membership base expands, reunions will also be possible. A regular newsletter is also a feature of membership.

Objects of the Association

Graduates are proud of their heritage and tradition with the Objects of the Association as relevant and appropriate today as they were in 1911 when the Association was established.

- a. To provide a common meeting ground for members of the Association.
- b. To be active in promoting and supporting high quality early childhood work in South Australia
- c. To record and preserve such historical items, both real and ephemeral, as will add to the historical understanding of early childhood education in South Australia
- d. To work for specific objects as may from time to time be determined in order to fulfil a, b and c.

Membership

Membership is inclusive of personnel who work in many areas in early childhood education and is open to all graduates of Early Childhood Education programs offered by the University of South Australia and its institutional predecessors. Associate Membership is open to holders of other equivalent early childhood qualifications.

Enquires to:
