

2009 Australian Mathematical Society Early Career Researchers Workshop

Sunday 27th September 2009
Mt Lofty House, Adelaide

- 9.00 Leave Adelaide for Mt Lofty House
- 10.00 Welcome
- Research talks
- 10.10 **Akshay Venkatesh** (Stanford) *Are integers like polynomials?*
- 10.50 Morning tea
- 11.20 **Thomas Britz** (UNSW) *Three combinatorial dual identities
and their proximity to something useful*
- 12.00 **Zhiyou Wu** (Ballarat) *New methods for global optimization problems*
- 12.40 Lunch
- Advice talks
- 1.40 **Kerry Landman** (UMelb) *How to make the most of your PhD*
- 2.10 **Jan de Gier** (UMelb) *A mathematician's survival guide*
- 2.40 **Elliot Tonkes**
(Energy Edge Pty Ltd) *What you can expect from industry,
and what industry expects from you*
- 3.10 Panel discussion
- 3.40 Afternoon tea
- 4.15 Leave Mt Lofty House for Adelaide and AustMS Welcome Reception
