IV Rehabilitation, prevention & management of complications, and discharge planning*
Year of issue / revision	8	2003	2008	2002
Coordinated systems of care	Page	Page		
Stroke rehabilitation unit care	8	24- 26		4- 8
Care pathways	8	50		5
Inpatient stroke care coordinator	8			5
Early supported discharge	9			6
Community rehabilitation	9	26- 27		6, 9, 30- 31
Discharge planning	10- 14	34		22- 23, 27- 31
Respite care	10			
Ongoing review	10, 13			23, 31
Special-needs groups		28- 30, 50		4, 31
Management of consequences of stroke		Page		
Strength	15			26
Sensation	15			26- 28
Spasticity	16	52		11, 17
Contracture	16-17			17
Shoulder subluxation	17-18			17
Shoulder pain	18-19	35, 52		16- 17
Swelling of extremities	19			17
Cardiovascular fitness	19			26
Falling	19-20	33, 35		17
Physical activity- Sitting	20	40, 52	22	10- 12, 17

Transfers	21	33, 40, 52		10- 12, 17
Standing	21	52		10- 12, 17
Walking	21-22	52		10- 12, 17
Upper limb activity	22	52		10- 12, 17
Amount of practice	23	40		10
Activities of daily living	23			27- 28
Cognitive capacities- Attention & concentration	23-24			13- 14, 27-29
Memory	24			
Executive functions	24			27- 29
Visuospatial & perceptual capacities- Visual function	25			12, 27- 29
Agnosia	25			12, 27- 29
Neglect	26			12, 27- 29
Apraxia	26			12, 27- 29
Communication- Aphasia	27-28	33, 35		12- 13, 26- 27
Dyspraxia of speech	28	33, 35		13, 26- 27
Dysarthria	29	33, 35		13, 26- 27
Dysphagia	29-30	33- 34	20- 21	14 Details in: SIGN guideline on dysphagia in stroke patients
Hydration & nutrition	30-31	33, 35	9, 20- 21	14, 21 Details in: SIGN guideline on dysphagia in stroke patients
Mood	31	50- 51, 70- 71		17- 19, 28- 29
Bladder function	31-32	33, 35, 50		15- 16
Bowel function	33	33, 35, 50		16
Prevention and management of complications	Page	Page		
Pain	33-34			16- 17
Deep vein thrombosis and pulmonary embolus	34-35	34		19- 20

Pyrexia & infection	35	34		15, 21
Siezures	35	39		19
Pressure care		34- 35		17
Secondary prevention	Page	Page		
Antiplatelet therapy	36	40		In GL 1 & 2
Anticoagulation	36-37	39, 44- 45	16- 19	
Blood pressure control	37	34, 39	20	
Blood glucose control		34, 43	19- 20	
Cholesterol	37	39, 44	19	
Behaviour change	38			
Concordance with medications	39			
Complimentary and alternative therapies	39-40			
Palliation and death	Page	Page		
Palliation and death	40			21
Living with stroke in the community	Page	Page		
Self-management	41			31
Activities of daily living	42	33- 34		27- 28
Exercise	42			
Driving	42-43	57- 59, 76		27- 28, 31
Leisure	43	55- 56, 74- 75		20, 27- 29, 31
Return to work	43-44			23, 27- 29
Sexuality	44	56- 57		20
Support-	44			
Peer support	45	53- 55, 72- 73		31
Counselling	45	53- 55, 72- 73		
Carer support	46	53- 55, 72- 73		8, 31
Long-term support	13			
Patient carer information & education	14, 49	42- 43, 53- 55, 72- 73		8, 27- 29, 30- 31
