

# At UniSA you'll get to practice what we preach.

At UniSA, not only do you gain sought after tertiary qualifications, but an upper hand when it comes to getting a job. That's because at UniSA we combine knowledge with experience, giving our students unique learning opportunities through programs such as the **Commerce Work Practicum** and the **Property Career Mentoring Program**.

These programs provide real industry experience and mentoring that increase employability and build network opportunities. It's a great way to get ahead in the job market.

To find out more, contact Nathan Brookes at the School of Commerce on **8302 0462** or visit [unisa.edu.au/commerce](http://unisa.edu.au/commerce)

Experience. The Difference.®
