

**UNIVERSITY OF SOUTH AUSTRALIA  
SCHOOL OF GEOINFORMATICS, PLANNING & BUILDING  
GRADUATE DIPLOMA / MASTER OF PROJECT MANAGEMENT**

**SECOND SEMESTER EXAMINATION 2000**

**Industry-based Project Processes**

**Subject Code : 12425**  
**Lecturer : Mauro Maurovic**

**Time Allowed : 3 Hours**

**INSTRUCTIONS:-**

1. Answer only ONE Question
2. State any assumptions made
- 3. Any references are permitted**
4. Answers shall include acknowledgment of information sources, if any.

**Question**      (100%)

"In all industries, there are similarities and differences on the way projects are managed and conducted. From the industries discussed during the semester, you are required to compare and contrast in details **two** separate industries using the PMBOK as a guide to the areas that need to be covered. The comparison will require you to discuss why the similarities or differences may exist."
