

AUSTRALASIAN TRANSPORT RESEARCH FORUM 2005

Sydney, Australia
28-30 September 2005

**TRANSPORTING
THE FUTURE:
Transport in a
changing
environment**

Invitation

On behalf of the 2005 ATRF Organising Committee, the Transport and Population Data Centre (TPDC) of the Department of Infrastructure, Planning and Natural Resources (DIPNR) is pleased to invite you to consider attending the 2005 Australasian Transport Research Forum (ATR F) which will be held in Sydney on 28 - 30 September 2005.

About the ATRF

The ATRF is the main transport planning, policy and research forum for both the public and private sectors in Australasia. This annual event brings together academics and practitioners from the transport arena, along with others who have an interest in transport research, policy and practice, to share in the latest research and initiatives.

The ATRF will be of interest to:

- all those associated with the transport sector – road, rail, air, marine, pedestrians and cyclists
- transport safety organisations (land, air and sea)
- academics and researchers
- transport interest groups
- public transport providers
- transport planners & policy advisors
- shipping industry
- federal, state and local government transport organisations
- automobile associations
- tourist industry
- airport and seaport operators
- freight carriers
- contractors and consultants with interests in transport
- tertiary students

Topics that will be covered include:

- funding of transport infrastructure
- sustainable transport
- transport, land use and environment
- pricing policies
- travel demand modelling
- travel behaviour and change
- societal change and travel demand
- safety and security of transport users, transport systems and transport infrastructure
- planning for society and community
- accessibility and equity in transport service provision
- logistics and freight transport
- transport economics
- policy evaluation and assessment
- emissions and energy
- aviation and airports
- shipping and ports
- intermodalism

Important dates

As well as spending time with your family over the holiday period, you might want to consider an interesting topic for a paper to present. Please be guided by the following tentative dates in relation to paper submission and registration:

Call for papers	31 January 2005
Deadline for receipt of abstracts	Mid-March 2005
Invitation for papers	Early April 2005
Opening of registration	April 2005
Deadline for submission of papers for review	Mid June 2005
Deadline for submission of corrected papers	Late July 2005
Early bird registration deadline	August 2005
