Welcome

I’m delighted that you’re considering undertaking your studies at the University of South Australia — your time at university will be the greatest intellectual adventure of your life.

It’s an exciting time to be joining us as we celebrate our 25th birthday. In those short 25 years we have become one of the world’s very best young universities – ranked by QS as number 25 on their list of the world’s best universities under 50, and number 35 on the THE Top 100 under 50 list. Excellence in Research Australia, the Australian government’s national research evaluation framework, has just evaluated the University of South Australia’s research and concluded that 97 per cent of our research is at World Class or above.

The University of South Australia is the state’s largest university with around 32,500 students on our two city campuses, two suburban campuses and two regional campuses, including around 6,000 international students. Our programs are designed with strong professional emphasis and in partnership with industry and our graduate employment rates are the best in the State and are well above the national average. In fact, the Good Universities Guide for 2016 rates us as the top university in South Australia for getting a full-time job.

We are educating people for global careers and have been recognised for our international outlook by THE and QS. We also have some very powerful partnerships with global institutions such as Shandong, Tianjin and Beijing Normal Universities in China, Keio University in Japan, Trinity College in Dublin, University College in London and numerous collaborative efforts with universities elsewhere in Europe and North America.

If you decide that the University of South Australia is the right place for you, we will do everything possible to set you on a path to the career of your choice, so that as a graduate, you can take your place as one of the new professionals driving national and international economies through your skills, capabilities and innovation potential.

I hope that you will consider joining us and I look forward to seeing you on campus soon.

Professor David G. Lloyd
Vice Chancellor and President

Acknowledgement of Country
UniSA respects the Kaurna, Boandik and Barngarla peoples’ spiritual relationship with their country. We also acknowledge the diversity of Aboriginal peoples, past and present.

Find out more about the University’s commitment to reconciliation at unisa.edu.au/RAP
Your study options explained

Find the right study option for you, no matter where you are in your career.

This guide contains all of the University of South Australia’s study options in the Aboriginal studies, Australian studies and Australian history area, so you can find the right degree for you.

Maybe you’re at the very start of your university experience, finishing high school or considering study in an area that has always interested you. If so, then an undergraduate degree is probably the right fit for you.

Perhaps you have been working in your field for some time and you’re looking to take that next step. A postgraduate coursework degree can help you further your career.

Alternatively, you could be a specialist in your field with something to give back. Make your mark with a research degree.

Whether you are starting out, stepping up or giving back, we have a study option to suit your journey.

Australia’s university of enterprise

The University of South Australia is a globally connected and engaged university, helping solve the problems of industry and the professions. Our teaching is industry-informed and our research is inventive and adventurous. We create knowledge that is central to global economic and social prosperity. We are Australia’s university of enterprise.

“We are prioritising the right elements to build an industry-connected, globally enterprising university and one which educates its students for the careers of modern times.”

Prof. David Lloyd
Vice Chancellor and President
University of South Australia

An enterprising spirit

We’ve spent 25 years building our spirit of enterprise. Beginning with three elements, study, solutions and connections, we’ve built an industry-connected university with global reach and one that is ready to create and respond to change.

Study
As South Australia’s largest university, we offer a wide and varied range of programs in the arts, education, social sciences, business and law, health sciences, as well as aviation, engineering and IT, environments, science and mathematics.

Solutions
We are a solutions-oriented university, taking on the challenges of tomorrow and aligning our research toward providing answers in these areas.

Connections
Real solutions don’t happen without great partnerships and we’re teaming up with local icons and international heavyweights to drive the advancements behind a better society.
Great Hall – opening in 2018, the Great Hall will become the University’s heart of community with a purpose-built amphitheatre, fully-equipped fitness centre and swimming pool.

Student Lounge – featuring nooks, burrows and a town square, the Student Lounge is City West’s newest space for students to meet, greet and play.
Making meaningful connections

Expanding knowledge and understanding of Indigenous and non-Indigenous Australia.

Meaningful connections and inclusive communities
As the first Australian university to make a public commitment to reconciliation, UniSA is committed to Indigenous education. Through our programs and courses, we educate the community about the cultures, languages, history and contemporary experiences of Australia’s Indigenous peoples.

We provide a well-rounded, inclusive and informed learning experience so our graduates can make a real difference. We support cultural change that will deliver better opportunities and outcomes for Aboriginal and Torres Strait Islander people, and empower our communities and cities.

Indigenous Knowledges
Explore Aboriginal cultures and societies and their relationship within Australian and international contexts across a range of social, economic and political settings.

Australian Studies
Examine current organisational and social theories in the analysis of Aboriginal issues as they intersect and operate within the context of contemporary Australian social and political systems.

Australian History
Discover the depths and dimensions of Australia’s past from multiple perspectives as you uncover Australian society and culture prior to and following European settlement. You will also examine the impact of historical policies and practices on Indigenous and non-Indigenous Australians in contemporary Australian societies.

Division of Education, Arts and Social Sciences

Encouraging and educating inter-disciplinary, dynamic, and socially-engaged professionals of the future.

Working across fields related to the arts, education, social sciences and humanities, with a unique focus on applied research, our graduates emerge as creative, innovative, and career-ready professionals.

With real-world experience embedded in each of our programs and state-of-the-art facilities, our students gain the skills, knowledge and networks to prepare them for their professional careers.

The concentric circles represent the six South Australian campuses of the University as meeting places of people from all nations.

The darker background behind the circles represents the Aboriginal campfires with ochre-coloured earth in between. The dots represent land, water and people. Commissioned for the University of South Australia Reconciliation Action Plan.
Your future begins here

Kick start your tertiary learning and career with undergraduate study.

Undergraduate study is often the first step in tertiary learning. It provides an entry point into university and an introduction to the fundamental skills needed for your future profession, as well as some more specialised knowledge. As such, a completed undergraduate qualification is often a starting point for gaining professional accreditation in many areas. These include engineering, law, architecture, physiotherapy, urban and regional planning and more.

Qualifications include:

- Diploma: 1-2 years
- Associate Degree: 2 years
- Bachelor: 3-4 years
- Bachelor (Honours): 4 years*

*study times are approximate and based on a full-time study load
*or 1 year in addition to a 3-year bachelor program

Who is it for?

- High-school leavers
- Long-term employees seeking a career change
- Professionals and tradespeople seeking to upskill
- People from a wide range of backgrounds seeking to further their employment prospects and/or gain new knowledge

Overview

Explore Australia’s rich history and culture, as well as factors that impact multiculturalism, race, class and contemporary Indigenous issues. This program is designed for those who have an interest in Indigenous Knowledge, Australian history, or Australian studies as a foundation for further study or research. It is intended for those seeking work in the public sector, business, the community, or service organisations where an understanding of Indigenous Knowledge is in demand.

Career opportunities

Graduates of this program may find work in the following roles or areas:

- community advocate and advisor
- community services personnel
- customer services and team leaders
- education
- project/research policy officer
- public service association

Honours

A one-year Bachelor of Arts (Honours) program is available. Students will be selected based on academic merit in accordance with University policies. Other selection criteria may apply.
Bachelor of Arts (Indigenous Cultures and Australian Society)
Bachelor of Social Work MBIW

Overview
This double degree will enable you to contribute to social justice and social change, and to develop an understanding of issues central to contemporary Indigenous society and their relevance to the Australian community. You will gain skills and knowledge necessary for employment as a social worker, and work with skilled staff and peers who share a commitment to creating a better society.

Career opportunities
Some of the areas you may find employment in include:
- aged care
- child and youth welfare
- community development
- correctional services
- disability services
- healthcare
- legal and court services
- multicultural services
- social planning

Professional recognition
Graduates are eligible for membership of the Australian Association of Social Workers.

UniSA College pathways
Pathways into this program are available through the following UniSA College program:

- Foundation Studies.

Field education placements
Students will undertake supervised field education placements as a part of this degree. To undertake these, students will be required to obtain a national criminal history check and screening assessment through the Department for Communities and Social Inclusion (DCSI) and also must hold a current Child Safe Environments certificate. Some field education placements may also require students to hold a current driver’s licence and a recognised First Aid certificate.

Honours
Honours in social work is available through the Bachelor of Social Work (Honours). A one-year Bachelor of Arts (Honours) program is also available. Students will be selected on academic merit in accordance with University policies. Other entry criteria may apply.

Learning from history

During high school, Torston was interested in studying engineering due to his curiosity of how things worked and creating new things. He even selected all of his subjects based on engineering. However, he had a change of heart when he realised the technical side of things wasn’t for him.

Torston then applied for the Bachelor of Arts (Indigenous Cultures and Australian Society), changing his goal from engineering to education and choosing the program because of an interest in history and in particular Australian history.

“I now understand so much more about Australia, its people and its history. I can’t wait to see where my degree will take me.”

Torston Reichert
Bachelor of Arts (Indigenous Cultures and Australian Society)

FIRST YEAR
Human Service Provision
Communication Skills in Social Work and Human Services

Realise your potential

Take your career to the next level with postgraduate coursework.

Coursework degrees provide advanced professional and technical skills that extend beyond the fundamental knowledge and skills taught at undergraduate level. They are an ideal way to gain the further skills and knowledge needed to pursue positions in management and also provide a competitive edge in the job market.

Qualifications are available at graduate certificate, graduate diploma and master levels, with varying durations and entry requirements depending on the level of study. Flexible modes including part-time and full-time study options, as well as on-campus and online delivery, are available to help you balance your studies with your life.

Qualifications include:
- **Graduate Certificate:** 6 months
- **Graduate Diploma:** 1 year
- **Master:** 1–2 years

*study times are approximate and based on a full-time study load

Who is it for?

- Recent university graduates
- Qualified professionals seeking specialised knowledge in their field
- Unqualified professionals who have significant work experience and are looking to undertake study in their field

Master of Aboriginal Studies DMAL
Graduate Diploma in Aboriginal Studies DGAG
Graduate Certificate in Aboriginal Studies DCAG

KEY FEATURES
> Learn from highly-respected Indigenous professionals with extensive knowledge and experience in the field of Aboriginal Knowledges.
> Flexible study options including full-time, part-time, intensive and online study.
> Link up with professionals with particular areas of expertise from other Schools within the University.

OVERVIEW
This nested suite of Aboriginal studies programs is designed for graduates of any discipline wanting to increase their skills and knowledge to apply this learning to lead and affect positive change with Aboriginal peoples. These programs will provide you with the opportunity to undertake study in a broad range of disciplines relevant to Aboriginal Knowledges such as health, law, history, education, environment, policy, research, language and culture.

With both theoretical and practical training, these programs provide the ideal environment for students to engage in Aboriginal studies and the related global, cultural, social and political themes involved in their area of interest.

CAREER OPPORTUNITIES
Graduates of this program may pursue diverse careers in the following areas:
> education and teaching
> government and policy development
> communications
> health services
> history
> law
> social work
> community organisations
> consultancy
> research
> private and public sectors.

ENTRY REQUIREMENTS
Successful completion of a bachelor degree in any area from a recognised higher education institution. There are special entry provisions for Indigenous people without a prior degree.
Contribute to your field

Make a lasting contribution to the body of knowledge in your field.

Research degrees are an advanced program of study that allow you to investigate a topic with relevance to your field. Under the supervision of world-class researchers you will investigate and apply advanced research methodologies to produce new knowledge and provide solutions to challenges within your discipline area.

unisa.edu.au/resdegrees

Qualifications include:

- Masters by Research: 2 years*
- Professional Doctorate: 4 years
- Doctor of Philosophy (PhD): 4 years*

*study times are approximate and based on a full-time study load.

* in total including examination time. Students must be prepared to submit 3-6 months prior to official completion of their program.

Who is it for?

- Recent university graduates who have completed Honours or Masters by Research study (for PhD and Professional Doctorates)
- Qualified professionals seeking to make new advances and contribute to the body of knowledge in their field (for Masters by Research)

Entry requirements: see program for more information
unisa.edu.au/resdegrees-eligibility

How to apply:
unisa.edu.au/apply
Doctor of Philosophy MPDE
Masters by Research MMDE

Key features
> Access extensive national and international research links.
> Work on ground-breaking, social sciences research.

Overview
Undertake a research degree within UniSA’s Division of Education, Arts and Social Sciences and tap into our extensive national and international research links. The Division is committed to undertaking ground breaking, industry-relevant research, working collaboratively with employers, professional groups and industry partners. Many candidates are also active members of the Division’s research concentrations.

Australian Studies and Indigenous Studies
Explore research which is relevant and impacts contemporary issues facing Indigenous and non-Indigenous Australia today. Work with leading researchers, academics and scholars in their field(s) and contribute to the development of Indigenous knowledge globally.

Education
Explore and study within the Centre for Research in Education (CREd) which explores and advocates for a contextualised understanding of ‘education’ across the life-span including: child-care, schools, training institutions, universities and sites of informal learning. Education is essential for nation building, social cohesion, social justice, sustainability, identity formation, and economic development.

Entry requirements
Minimum entry requirements to be considered eligible for entry into a research program include:
> Honours 1, Honours 2A or an appropriate masters degree or equivalent – eligible to be considered for admission into PhD, or Professional Doctorate.
> Bachelor degree – students with a relevant bachelor degree of at least three years with a minimum credit average are eligible to be considered for admission into Masters by Research.
> Other postgraduate and undergraduate degrees – eligible to be considered for admission into Masters by Research, or, PhD or Professional Doctorate with the demonstration of research capabilities via an assessment of relevant quality publications and professional experience.
> No tertiary qualifications – eligible to be considered for admission into Masters by Research with the demonstration of research capabilities via an assessment of relevant quality publications and professional experience.

Note: eligibility for entry into a research program is also subject to an assessment of the proposed research, the availability of a supervisor and any school or research-specific eligibility requirements.
Study at UniSA — the basics

Minimum entry requirements for undergraduate bachelor degrees and associate degrees

Applying with Year 12
Applicants are required to have successfully completed the South Australian Certificate of Education (SACE) with:

> a competitive ATAR; and
> the fulfilment of the program’s prerequisite requirements (where applicable).

Applicants may also be eligible to compete for entry if they have completed the program’s prerequisite requirements and have completed one of the following:

> an interstate or overseas qualification considered by the University as equivalent to SACE, or
> the International Baccalaureate Diploma with a minimum score of 24 points.

Bonus Points
Universities in South Australia offer bonus points to Australian high school students applying for entry into university via the following schemes:

> The Universities Equity Scheme – provides bonuses for students coming from specified schools, as well as individuals experiencing disadvantage.
> The Universities Language, Literacy and Mathematics Bonus Point Scheme – provides bonuses for students who successfully complete a language other than English, or specified English and Mathematics subjects.

Need some help? For further information, visit unisa.edu.au/bonuspoints or contact Future Student Enquiries by phone (08) 8302 2376 or submit an enquiry via unisa.edu.au/enquiry

UniSA Preferred
UniSA Preferred is a scheme that offers guaranteed entry into many UniSA programs for domestic Year 12, TAFE and other registered training organisation (RTO) students. If your ATAR (including any bonus points) or TAFE/RTO award meets the UniSA Preferred score for that program, you have met any prerequisites, and you have listed the program as your first preference, you are in. It’s guaranteed.

» unisa.edu.au/preferred

Alternative pathways
Entering your chosen program straight from high school is not the only pathway into UniSA. Applicants may also meet the minimum requirements to apply for entry (via competitive selection) through one of the following pathways:

Tertiary Transfer – completion of at least half a year of full-time equivalent study, at UniSA or a recognised higher education institution. You can apply using your Grade Point Average (GPA).

Higher Education Diploma – completion of a higher education diploma, from the UniSA College (applicable programs listed on each bachelor program in this guide), the South Australian Institute of Business and Technology (SAIBT), or another recognised higher education institution.

Special Entry – a competitive Special Tertiary Admissions Test (STAT) score. A personal competencies statement or employment experience may also be considered for some programs.

TAFE/Registered Training Organisations (RTO) – applicants may be eligible for entry with the completion of an award from TAFE or another Registered Training Organisation at AQF Certificate IV or above.

UniSA Foundation Studies – completion of the Foundation Studies program (listed on each applicable bachelor program in this guide) offered by UniSA College.

Open Universities Australia – completion of at least four Open Universities Australia (OUA) courses at an undergraduate level or higher.

» unisa.edu.au/pathways

Before applying
All applicants should check and ensure that they meet all entry and prerequisite requirements before applying. For more information on entry requirements, visit programs.unisa.edu.au

Support and scholarships
UniSA offers services to assist rural and/or socio-economically disadvantaged students, Aboriginal and Torres Strait Islander people, and people with a disability. For more information, contact (08) 8302 2376 or visit unisa.edu.au/future

How to apply to the University of South Australia
Applications to most programs at UniSA are administered through SATAC (South Australian Tertiary Admission Centre). For more information visit unisa.edu.au/apply

Fees
All domestic undergraduate students at the University of South Australia are in Commonwealth-supported places. Students in these places pay a contribution of their fees depending on the program chosen and the contribution band in which those courses are classified (see table below). The amount of your student contribution also depends on the unit value of your courses of study.

As per the Australian Government guidelines, the student contribution amounts for 2016 are:

<table>
<thead>
<tr>
<th>Band</th>
<th>Area of study</th>
<th>Student contribution For one year of full-time load (1 EFTSL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Humanities, behavioural science, social studies, foreign languages, visual and performing arts, clinical psychology, nursing and education</td>
<td>$0 - $6,256</td>
</tr>
<tr>
<td>2</td>
<td>Computing, built environment, health, engineering, surveying, agriculture, Mathematics 1, statistics, science</td>
<td>$0 - $8,917</td>
</tr>
<tr>
<td>3</td>
<td>Law, dentistry, medicine, veterinary science, accounting, administration, economics, commerce</td>
<td>$0 - $10,440</td>
</tr>
</tbody>
</table>

Some postgraduate programs are also Commonwealth-supported (or CSP), while others are full fee-paying (the fees for these are listed on each applicable program in this guide). For more information on fees including eligibility for Commonwealth-supported places, deferring your student contribution through HECS-HELP, FEE-HELP loans, or fee information relating to international students please visit unisa.edu.au/fees
Celebrating 25 years of success

The University of South Australia is celebrating its 25th birthday in 2016. We know it’s our people who make us great, and we’re celebrating with the faces of UniSA.

Our story began in 1991, when the colleges of advanced education, the schools of art and mining, and the institutes of technology came together to form South Australia’s newest university.

Since then, UniSA has graduated thousands of globally-capable professionals and built a research profile ranked eighth overall nationally*, and delivering solutions to some of the world’s greatest challenges.

Find out more about our people, history and future, as well as our birthday celebrations at unisa.edu.au/25years

*for proportion of total ERA 5 ratings (well above world class) at the 2-digit and 4-digit level
