

Who Are The Mentees?

Our mentees originate from a wide range of business disciplines including accounting, finance, human resources, management, marketing, property, sport, recreation, tourism and events.

How Else Can I Engage?

Beyond meeting with your mentee, we welcome offering additional activities that other participants can engage with. Our team can assist with the facilitation and promotion of these activities which include but are not limited to:

- Work shadowing
- Site visits and field trips
- Networking events
- Internships
- Paid employment

How Do I Sign Up?

To register your interest or if you'd like to know more please contact the Business Careers team. We can outline dates for the next intake and explain the registration process.

"Ben has shown an admirable approach to the program under challenging circumstances. He has completed all of our agreed actions, considered fresh perspectives and been willing to listen and share his experiences across the topics we discuss. Ben's presentation and conversation styles are excellent and will equip him well for the post university world."

Ben Okonjo
Mentee

Mentored by David Coorey, CEO of Dr Jones & Partners Medical Imaging

"I'm always surprised by how much I gain out of the mentoring experience. It's incredibly rewarding to help someone develop their career and I often walk away from each encounter feeling inspired and energised. As leaders we have an obligation to support the next generation of leaders and the Business Career Mentor Program is an excellent way of giving back, helping drive a more positive future for our State."

Jodie Van Deventer
Chief Executive Officer, Committee For Adelaide

Business Career Mentor Program

Mentor A Student At UniSA

What Is The Business Career Mentor Program?

The Business Career Mentor Program (BCMP) connects you with a UniSA Business student or recent graduate to enhance employability and leadership skills. We have mentors and mentees based locally, interstate and overseas and can facilitate face-to-face as well as online mentoring relationships.

What Are The Benefits Of Mentoring?

As an individual, mentoring promotes the sharing of knowledge and expertise to enhance professional development and personal job satisfaction.

As an organisation, mentoring has been recognised to improve retention, attract talent, save on training and development costs and create a supportive network environment.

What Support Could I Offer?

As a mentor you can support your mentee in the following areas:

- Career planning
- Employability skill development
- Graduate opportunities
- Cover letter, resume and interview preparation
- Business etiquette
- Workplace culture
- Employer expectations
- Networking opportunities
