

## Table of UniSA International comparative English requirements

The minimum English language entry requirements for international students who do not speak English as their first language are as follows:

### Undergraduate programs

- International English Language Testing System (IELTS) Academic: Overall 6.0 (with 6.0 in Reading and Writing) obtained within the last two years, or a corresponding result via one of the alternative English language tests recognised by the University.

### Postgraduate programs

- International English Language Testing System (IELTS) Academic: Overall 6.5 (with 6.0 in Reading and Writing) obtained within the last two years, or a corresponding result via one of the alternative English language tests recognised by the University.

For information regarding score equivalency between English tests recognised by the University, please refer to the English language score equivalency table below.

Please note that many programs have a higher IELTS (Academic) requirement than the minimum of 6.0 (with 6.0 in Reading and Writing) and/or include specific sub-score requirements. Information on particular program requirements can be accessed through the program information pages on the website.

Applicants are required to meet at least one of the English language entry requirements listed. Possession of one or more of these qualifications, in addition to the academic entry requirements, does not, in itself, guarantee a place at the University of South Australia. Applications are considered on an individual basis and selection is competitive. Where previous study/work experience was conducted in English, the application must be accompanied by certified documentation from the educational institution/employer certifying that the language of instruction/employment was English.
