Vice Chancellor's welcome

Graduating with a university degree represents a major milestone in life. Now you're about to enter a whole new world of wonderful opportunities. You will leave us today with a parchment and a career path and we couldn't be prouder of you.

I am very pleased to share the excitement of this day with you and with the people who have supported you throughout your studies: your family, your friends and your mentors.

Yours is an important graduation ceremony and we are celebrating your success along with our own. We have come a long way since 1991 when we amalgamated colleges of advanced education and institutes of technology to become the University of South Australia. Now we're considered one of the world's best young universities – Australia's University of Enterprise – putting our best teaching and research into creating bright futures for our students and partnering with industry and the professions to bring the benefits of that teaching and research to our community.

I hope the achievement you celebrate today opens many doors of opportunities for you so that you can make your mark as a global citizen, a professional in everything you do.

You, like more than 200,000 graduates who have preceded you, are very important to us; you are our success stories, the role models for current students and those who might follow in your footsteps. As your career grows and your success is assured, current students look at you and see what's possible in their own lives.

About the University of South Australia

The University of South Australia (UniSA) is Australia's University of Enterprise. Our culture of innovation is anchored around global and national links to academic, research and industry partners. Our graduates are global professionals at ease with the world and ready to create and respond to change. Our research is inventive and adventurous and it creates new knowledge that is central to global economic and social prosperity.

Our reputation continues to grow. We are considered one of the world's best young universities by both Times Higher Education (THE) and Quacarelli Symonds (QS). We are the youngest Australian university to make THE's World's Top 250 list (number 9 in Australia); we are also the highest ranked university in Australia for the international diversity of our staff and are ranked 9th in the world on that measure.

With around 32,000 students, almost 6,000 of whom are international students, UniSA is South Australia's largest university and offers degree programs in business, education, arts, social sciences, health sciences, information technology, engineering and the environment. Programs are designed with strong professional emphasis and in partnership with industry and the professions to ensure the career relevance of its teaching. The Good Universities Guide 2018 rates UniSA as Number One in South Australia for getting a full-time job.

UniSA is committed to providing enhanced educational offerings and an outstanding student experience. Our focus over coming years will be to extend the support we provide to our students, through drawing on emerging digital technologies to provide more personalised and flexible learning opportunities for our students, locally and globally. We are committed to providing education opportunities for students from diverse backgrounds and helping them to be the best they can be.

The University's strong research environment focuses on areas such as scarce resources, future industries and cancer prevention and management. The close, collaborative engagement we enjoy with our many industry, government, collegiate and community partners ranks UniSA as one of Australia's leading universities for strategic research partnerships, and in the Excellence in Research for Australia 2015 evaluation more than 97 per cent of our assessed research was deemed to be of world-class standard or above.

The University is also closely engaged with the communities we serve. Our Samstag Museum presents a changing exhibitions program of contemporary visual art, and our Hawke Centre engages with local and international communities through public learning activities including lectures, seminars, alliances and research projects. The University also has a strong equity mission and was the first university in South Australia to have a Reconciliation Action Plan.

We are also committed supporters of the Australian Indigenous Mentoring Experience (AIME) and aim to be the University of Choice for Aboriginal and Torres Strait Islander people.

With six campuses spread from the heart of Adelaide to the metropolitan area (Mawson Lakes and Magill) and the regional cities of Whyalla and Mount Gambier, the University provides opportunities to students from a wide range of geographic, socio-economic and cultural backgrounds. We are currently implementing a \$1 billion-plus building program to further create engaging learning and research spaces.

Processional Music

Ancient Land Processional

The processional music played at the start of the graduation ceremony has been composed by Deborah Cheetham AO. The work is sung by the Ngarrindjeri Women's Choir and the Marryatville Concert Choir, supported by the Adelaide Symphony Orchestra, conducted by Nicholas Buc.

"From the beginning I wanted this processional to be a powerful reminder that knowledge has been passed for more than 2000 generations on the lands that the University now occupies. For that reason it was essential to include the traditional language groups from each of the campuses of the University of South Australia - Kurna (Adelaide), Boandik (Mt Gambier) and Barrgarla (Whyalla). Ancient Land Processional is music for ceremony and for celebration. I wanted this work to convey the importance and excitement of one of life's great rites of passage – the graduation ceremony".

- Deborah Cheetham AO

Deborah Cheetham AO

Deborah Cheetham, Yorta Yorta woman, soprano, composer and educator has been a leader in the Australian arts landscape for more than 25 years. In the 2014 Queen's Birthday Honours List, Deborah was appointed as an Officer of the Order of Australia (AO), for distinguished service to the performing arts as an opera singer, composer and artistic director, to the development of Indigenous artists, and to innovation in performance.

As a composer Deborah has received numerous commissions since the success of her opera Pecan Summer (2010) and now specialises in working with traditional languages.

The Ngarrindjeri Women's Choir

Singing is an essential part of identity in Aboriginal culture. The women who gather to sing in Murray Bridge do so because it is part of who they are as Aboriginal women. These women have performed for many important events over the past decade but are never happier than when singing in community and passing on culture through song.

In the past decade it has won competitions in Adelaide (Adelaide Choral Eisteddfods), Sydney (Sydney Performing Arts Challenge, ABC Classic FM Choir of the Year State Champion 2006), and internationally (Tallinn International Choral Festival 2007). The choir recently toured Central Europe including concerts at the Kodaly School in Kecskemet. The choir performs a wide variety of repertoire in a range of styles, and where possible in original languages.

Adelaide Symphony Orchestra

Established in 1936, the internationally acclaimed Adelaide Symphony Orchestra is South Australia's largest performing arts organisation. Today the ASO plays a major role in Adelaide's cultural and economic vibrancy, and enriches the community through a diverse program of world-class performances to more than 90,000 concertgoers each season. The Ancient Land Processional orchestral music was performed by the ASO, conducted by Nicholas Buc and recorded in Adelaide's ABC studios.

Mortarboard tassels for Indigenous Australian graduates

The University of South Australia is proud of its commitment to Australian reconciliation. To enable Indigenous Australians to have their ancestry recognised, Aboriginal and Torres Strait Islander graduates have the option of wearing a mortarboard with a tassel incorporating the colours of the respective flags (red, black and yellow for Aboriginal graduates and blue, green and white for Torres Strait Islander graduates).

History of academic dress

Academic dress has a long history, almost as long as that of universities themselves. It began with the foundation of the European universities in the 12th and 13th centuries. Until that time, education was carried out within the monasteries, such as one at Oxford where divinity, philosophy and arts were studied as early as the 8th century.

It was not until the 12th century that groups of teachers and students gathered together for classes outside monastery walls in a move that was recognisable as the beginnings of universities. Two of the outstanding schools at that time were in Bologna and Paris. During the 13th century the Roman legal word *universitas* became a common name for study groups. The third great university of the Middle Ages, Oxford, emerged at that time. Much of the symbolism of academic dress is bound up with the history of those early universities which have influenced the creation and maintenance of a distinctive form of dress.

In the earliest times, university statutes concerning academic costume were somewhat vague, and it was not until the late 14th and early 15th centuries, as lay fashions began to change, that universities began to adopt the policy of setting down particular requirements for the shape and cut of academic dress.

Over the centuries, gowns have evolved in various forms from the original outer garment or robe commonly worn by the laity and members of the clergy, to the many modern versions for the various levels of academic awards. Hoods have developed from the head coverings worn by students in the early ages. They were especially useful in inclement weather and in the draughty cloisters of monasteries.

At Canterbury, in the 13th century, the monks' hoods were lined with fur because of the cold. Windows in those days were not glazed.

It would seem that no matter how young a university is, one of the first priorities is to adopt a style of academic dress which is distinctive.

The University of South Australia is no exception. In 1991, the University acknowledged the academic dress of its predecessor institutions and then in February 1992, the University's academic dress was determined by the Council and the first graduation ceremonies wearing the new University of South Australia academic dress occurred during April 1992. It is interesting to note that the hood chosen is of Oxford Burgon style while the gown is of the Cambridge style, an interesting link with two of the greatest European universities of the Middle Ages.

Ceremony Tradition

Academic Procession and stage party

The traditional custom in which dignitaries of the university enter the graduation hall is known as the academic procession. The University of South Australia's academic procession is led by higher degree graduates and members of the University Council, followed by academic staff and senior management of the University, including the Vice Chancellor. The Chancellor is the last to enter.

Academics sit at the rear of the stage and Council members in the second to front row. The front row is reserved for staff reading graduand names, the academic registrar, senior managers, the Vice Chancellor, guest speaker, honorary award recipients, special guests, and the Chancellor.

In some circumstances the Chancellor may be represented by the Deputy Chancellor or Pro Chancellor.

Academic Dress

Academic dress usually reflects the highest academic qualification of the wearer. Special ceremonial gowns are also worn and these represent the wearer's position and title. The Vice Chancellor can be recognised by the distinctive Fairford Brocade gown adorned with silver oakleaf lace, and black bonnet with blue tassel. The Chancellor's gown is also Fairford Brocade but incorporates gold oakleaf lace and notably this is worn with a black bonnet finished with a gold tassel.

If you look carefully you will see that this gown also has a combination of gold stripes on each sleeve instead of the silver stripes located on the Vice Chancellor's gown.

Senior management wear a black gown with blue facing on the front and rear collar, and a black bonnet with silver tassel. The academic registrar wears a similar gown. However you will note that the blue facing is not as wide and the collar is black, and a black mortar board with blue tassel is worn. Readers wear the gown reflecting their highest award, as do Professors receiving the honorary title of Emeritus Professor, and those being awarded with the honorary title of University Fellow. Recipients of honorary Doctor of the University awards wear the prestigious blue University of South Australia honorary doctorate gown trimmed with yellow and red facing, and a red, yellow, and blue hood. A black bonnet with black tassel is the accompanying headwear.

Council members are distinguished with black silk-like gowns with red, blue, and yellow facing, and a black bonnet and gold tassel. Candidates graduating with a PhD wear a black Oxford-style gown with red facing, and those receiving professional doctorates wear the same style gown but with coloured facing representing their discipline.

End of Ceremony

The academic recession signals the end of the graduation ceremony and is led by the Chancellor, followed by the stage party in the reverse order to which it entered. Newly conferred graduates join the recession signalling their entry to the academic community.

University of South Australia Awards

Degree types

University of South Australia students have a range of program options when undertaking their study. The following are examples of the degree titles you may hear during the graduation ceremony.

Doctor of Philosophy

Doctor of Philosophy programs provide training and education with the objective of producing graduates with the capacity to conduct research independently at a high level of originality and quality.

Professional Doctorate

A Professional Doctorate is a rigorous program of advanced study and research, designed specifically to meet the needs of industry and professional groups. Professional Doctorates usually consist of a blend of coursework and research.

Honours degree

The Honours degree is a separate, stand-alone one-year program of advanced studies for students who demonstrate a high level of achievement upon completion of their pass degree program.

Degree with Honours

A degree with Honours is a program of four or more years in duration, which includes a minimum of one year of advanced studies, for students who demonstrate a high level of achievement in the initial years of their program.

Double degree

A double degree is a program where two contrasting and complementary programs at the same level have been combined to complement each other, such that the core elements of the two awards are undertaken simultaneously and the requirements of each award are fully met. These graduates receive two parchments.

Co-badged degrees

A collaborative arrangement between recognised providers, resulting in a single award and may include the co-badging of a single parchment.

Dual degrees

Collaborative partnerships between the University of South Australia and another recognised provider enable students to undertake a degree jointly facilitated by both institutions. Graduates of these programs will be issued with parchments from each institution.

Pridham Hall

Pridham Hall is named to acknowledge the extraordinary benefaction and leadership of Mr Andrew Pridham. Mr Andrew Pridham is a proud alumnus of the UniSA Property Resource Management degree (1988).

His transformative gift to the University acknowledges his gratitude to UniSA for his 'outstanding education' as well as reflecting his belief in the positive role education can play in one's life.

Mr Pridham also believes that those that have the capacity to contribute to the broader community should do so generously and encourage others to do the same.

"The University of South Australia is an important institution very worthy of support. Universities develop minds and foster new thinking. It is a privilege for The Pridham Foundation to support UniSA and contribute to this impressive building and be a part of the process of developing future generations.

The first Pridhams arrived in South Australia in 1849, just 13 years after the proclamation of Government in SA. This is an investment of 169 years by my family and its preceding generations. South Australia is important to our family and in particular my direct family, being my parents LR (Bob) and Marie Pridham and my siblings Helen, David, Mary and Richard.

I hope for the great success of all students who pass through the doors of this great hall in the process of their studies at UniSA."

You can leave your mark on UniSA

Embed yourself in the DNA of the Pridham Hall

By building Pridham Hall we have created a new heart of the University - an iconic venue where thousands of memories will be made.

The state-of-the-art facility features a sports complex, a swimming pool, and facilities for graduations and corporate and cultural events. It is a significant part of the student experience and offers important sport and fitness services to the entire local community, including the new Health Precinct opening on North Terrace.

Under the guidance of the design teams we have selected three spaces and sculptural forms where we can permanently etch your name and your three words to live by in Pridham Hall to forever inform and inspire future generations of students.

Hundreds of graduates, staff and supporters have already donated \$1,000 to embed their name and words, or those of a loved one, into the chandelier, inverted pyramid and the swimming pool.

To find out more about how you too can participate in this unique initiative please visit www.unisa.edu.au/pridhamhall

Support UniSA's Scholarship Fund

UniSA's Scholarship Fund provides scholarships, grants and prizes that recognise academic achievement and give vital financial support to students who need it most.

UniSA has more students from a disadvantaged background than any other university in South Australia, and there are many students at UniSA for whom money is a real issue. Many have multiple jobs to support themselves, some come from remote rural areas, and more than 25 per cent have little financial support at home – which puts them at risk of not completing their degrees and foregoing their dream.

The Fund supports students tackling the problems of the world as they progress through masters and PhD studies, as well as students just starting out in their undergraduate studies who are finding their purpose and inspiration.

By making a donation to the Scholarship Fund you can help future students. It is a wonderful way of giving back and acknowledging what you have accomplished. To give someone else a boost please visit www.unisa.edu.au/scholarshipfund

The Occasional Address

Ms Deborah Cheetham AO

BMusEd, AMusA

Deborah Cheetham, Yorta Yorta woman, soprano, composer and educator has been a leader in the Australian arts landscape for more than 25 years.

In the 2014 Queen's Birthday Honours List, Ms Cheetham was appointed as an Officer of the Order of Australia (AO), for distinguished service to the performing arts as an opera singer, composer and artistic director, to the development of Indigenous artists, and to innovation in performance.

In April 2007 she was awarded a prestigious two-year Fellowship from the Aboriginal and Torres Strait Islander Board of the Australia Council for the Arts. This fellowship has allowed her to create her second major theatrical work Australia's first Indigenous opera, Pecan Summer. In 2010 Ms Cheetham brought together Australia's first classically trained Indigenous ensemble to present the world premiere of Pecan Summer.

The success of Pecan Summer has led Ms Cheetham to create Short Black Opera Pty Ltd, a national not-for-profit company for the development of Indigenous opera singers which has produced and presented three subsequent seasons in Melbourne, Perth and Adelaide.

In 2017 she was invited to perform an excerpt from her latest work Eumeralla, a War Requiem for Peace in the ancient language of the Gunditjmara people, at the Scuola Grande di San Rocco for the opening of the Venice Biennale.

Order of Ceremony

Processional music, an original composition by Ms Deborah Cheetham, will be played.

The audience is requested to stand for the entrance of the Academic Procession, Council and Official Party.

The Australian National Anthem will be sung by Ms Sharon Turley, soprano.

The Chancellor, Mr Jim McDowell, LLB (Honours), will open the ceremony.

The Vice Chancellor and President, Professor David Lloyd BSc(Hons), PhD, CChem, FRSC, will address the ceremony.

Professor Peter Buckskin (EdD), PSM, FACE, Dean Aboriginal Engagement and Strategic Projects will present Ms Deborah Cheetham AO for the honorary degree of Doctor of the University.

The Occasional Address will be delivered by Ms Deborah Cheetham AO.

The Chancellor, on behalf of the University, will confer awards on the candidates.

The Chancellor will close the ceremony.

Monica Oliphant is an Adjunct Associate Professor at the University of South Australia and a University Fellow at Charles Darwin University. She also runs her own Consultancy, Monica Oliphant Research Scientist.

She worked 18 years for the electricity utility ETSA as a Research Scientist in the areas of renewable energy and energy efficiency, and was involved in the South Australian Government's wind resource assessment program in the late 1980s, which put South Australia in a prime position for wind energy investment in the State that started about 15 years ago.

Adjunct A/Prof Oliphant was President of the International Solar Energy Society (ISES) in 2008/09 and in this capacity and as a current Board member of the Society has travelled the world speaking at conferences and meetings, usually identifying herself as both a Past President of ISES and as an Adjunct A/Prof of the University of South Australia. In presentations she has been unashamedly proud of the status of renewable energy in South Australia and the work being done at the University in this area. The Occasional Address

Khai Liew FDIA

Khai Liew is one of Australia's most innovative furniture designers. He was born in Malaysia in 1952 and immigrated to Australia in 1971. Mr. Liew has no formal design training, instead he worked as an antique furniture dealer and conservator prior to creating bespoke furniture pieces. In 1996 he established Khai Liew Designs in Norwood, South Australia. Mr. Liew is driven by the beauty of material and utilises natural materials such as wood, stone, leather, grass and linen. His work is informed by various historical and cultural influences including Danish mid-twentieth century designers, Chinese furniture of the Ming Dynasty (13th and 16th centuries) and simple Australian colonial furniture. Mr. Liew believes that his objects need to be functional but that they must be beautiful. He is motivated ultimately by his clients' immediate emotional response to the material and the form of the object.

The Occasional Address

Professor Mohammad Abdalla

PhD

Professor Mohamad Abdalla is Director of the Centre for Islamic Thought and Education at the University of South Australia. He is one of Australia's most prominent and respected Muslim leaders, combining the roles of an academic scholar, public intellectual, community leader and commentator. Over the last 15 years, Professor Abdalla played a leading role in establishing Islamic Studies (Research and Teaching) as an academic area of study in Australia. In 2005, he established the Griffith University Islamic Research Unit (GIRU), and gradually built a team of academics on modest resources. From 2006-2014, he was successful in attracting more than \$1.3 million in funding, which helped build staff capacity in Islamic Studies at Griffith University. In 2008, he played a key role in securing \$8 Million for the establishment of the National Centre of Excellence for Islamic Studies (NCEIS), a dynamic collaboration between the University of Melbourne, Griffith University and the University of Western Sydney. He also played a key role in establishing Islamic Studies as a Major across three universities. Professor Abdalla's international reputation attracted a number of prominent RHD candidates including the Former Deputy Prime Minister of Malaysia, Anwar Ibrahim, and Mr Khalid Abdul who after completing his Masters with Professor Abdalla became the former Chief Minister of Selangor, Malaysia.

Professor Abdalla is recognised as a leader whose work has had positive social impact. This is clearly demonstrated in his leadership role after 9/11 where he led a reconciliation strategy to build bridges of understanding between the Australian Muslim and wider communities. He has attained numerous civic awards, including: The Lord Mayor Australia Day Achievement Award; Community Leadership Award; Ambassador for Peace Award; and Pride of Australia Medal (Finalist).

Order of Ceremony

Processional music will be played.

The audience is requested to stand for the entrance of the Academic Procession, Council and Official Party.

The Australian National Anthem will be sung by Ms Sharon Turley, soprano.

The Pro Chancellor, Honourable John Hill, BA, DipEd, LLB, FAICD, will open the ceremony.

The Occasional Address will be delivered by Professor Mohammad Abdalla, Director of the Centre for Islamic Thought and Education at the University of South Australia.

The Pro Chancellor, on behalf of the University, will confer awards on the candidates.

The Pro Chancellor will close the ceremony.

The audience is requested to stand as the Official Party, Council, Academic Procession and Graduates retire.

PRIDHAM HALL

The Occasional Address

Mr William Muirhead AM

Bill Muirhead AM is a South Australian who completed his education in London. He began his advertising career in 1970 with Ogilvy & Mather before joining Saatchi & Saatchi in 1972. He is the former Chief Executive and President of Saatchi & Saatchi Worldwide. In 1995, he was a Founding Partner of M&C Saatchi together with David Kershaw, Maurice Saatchi and Jeremy Sinclair and was responsible for establishing the Company's overseas offices.

Mr Muirhead has a keen interest in political advertising. His work in advertising helped advance the interests of the Conservative Party in 1991 and he led the team that helped the party win the 1992 election. With Jeremy Sinclair, he picked up the Conservative Party's election campaign in 2015, which again saw the party elected with a clear majority.

In April 2007 he was appointed Agent General for South Australia by Premier Mike Rann. His appointment was extended by Premier Jay Weatherill in 2015. Mr Muirhead started the first South Australia Club in London in 2011; the Club is a proven success, now in its seventh year and growing rapidly in membership and reputation.

Mr Muirhead was a co-founder in 1985 of the Famous Parkinson Banger Company together with Norman Parkinson, the celebrated English portrait and fashion photographer.

In 2013, he became a Member (AM) in the General Division of the Order of Australia, for significant service to the community of South Australia through the promotion of international trade.

BEng(Hons)

Mr Whicker is the Millicent Mill Manager for Kimberly-Clark Australia's only tissue manufacturing plant in Australia and New Zealand for Kleenex and Viva facial, bath and paper towel products.

In 1985 he graduated from the University of Adelaide with a Bachelor of Engineering – Chemical (Honours).
