All staff email from Professor David G. Lloyd, Vice Chancellor and President

Dear Colleagues

You will have likely seen the announcement today of a global pandemic by the WHO relating to COVID-19.

I want to reassure you that the University is continuing to manage the situation through a senior staff response group that has been meeting now for many weeks.

We will continue to communicate promptly and regularly should specific activities of the University become impacted, or as new information comes to hand.

I also wanted to make you aware that we have updated both the staff and student FAQs on the [COVID-19 coronavirus information webpage](#). This webpage is also accessible via a link on the University's main home page. I do encourage you to consult the information which is provided on this site.

Staff members with any questions are asked to please contact your local [People, Talent and Culture Business Partner](#) or [Rickie Kelly](#) Senior Consultant, WHS.

Students with questions can continue to contact seu@unisa.edu.au for assistance, advice and support. Staff may also contact seu@unisa.edu.au if they have any questions or concerns regarding a student's health or wellbeing.

I want to once again thank all those who are working especially hard at the moment to support our students and the operations of the University, and to acknowledge the patience and spirit of collegiality being demonstrated across the University at this time.
