## ***Access***

All areas of the Museum are accessible by wheelchair. The Hawke Building can be accessed via a ramp at the main entrance. The Museum has flat-floor access to Gallery One and elevator access to Galleries Two and Three. All spaces are accessible via automatic sliding doors.

We welcome guide dogs and assistance dogs.

Samstag runs sensory friendly sessions every Wednesday morning between the hours of 10 am and 12 pm for the duration of each exhibition season. These sessions offer a quieter and more relaxed viewing experience by turning down the volume on all audio recordings.

Access bathroom facilities are located on the ground floor next to the elevators.

Samstag provides an access map identifying key physical access and sensory considerations for each of our exhibitions. Visitors can download a copy of the current map from the '**Visit**' page on our website, or ask for a printed copy at the reception desk.

If you have any access questions while planning your visit, contact Sarah Buckley: **[Sarah.Buckley@unisa.edu.au](mailto:Sarah.Buckley@unisa.edu.au)**.
